COOKIE POLICY

Last updated: 27.02.2024

At ERDA, SIF and MiGrid (erda.dk, sif.erda.dk, migrid.org and aliases) ("**We**", "**us**", "**our**"), we strive to honour the privacy and security of any data we collect from visitors using our website, whilst we act as a personal data Controller under relevant data protection rules and regulations. Our Website uses cookies, possibly n combination with pixels, local storage objects, and similar devices (collectively, "cookies" unless otherwise noted) to distinguish you from other users of the website. This helps us provide you with a good experience, improve our service, and to personalize content to you while you use the website.

This cookie policy ("**Cookie Policy**") describes the types of the cookies we use on the website and our purposes for using them.

If you have questions about this Cookie Policy, please contact us at info@erda.dk. For a more complete description and list of the cookies that we currently use on the website, please review our Cookie List found in Section 5 of this document. For more information about our privacy practices, please review our privacy policy from the main page for the particular site as specified in the list of URLs above. If you have any questions or comments regarding this Policy or data privacy, please contact us at info@erda.dk.

Please read this Cookie Policy carefully for details about why we use cookies and the information they collect from and about you.

1. Cookie definitions

A cookie is a small file of letters and numbers that we store on your browser or the hard drive of your device, which is like computer memory.

First and third-party cookies: Whether a cookie is 'first' or 'third' party refers to the domain placing the cookie.

First-party cookies are those set by a website that is being visited by the user at the time (e.g. cookies placed by our website domain).

Third-party cookies are cookies that are set by a domain other than that of the website being visited by the user. If a user visits a website and another entity sets a cookie through that website, this would be a third-party cookie.

Persistent cookies: These cookies remain on a user's device for the period of time specified in the cookie. They are activated each time that the user visits the website that created that particular cookie.

Session cookies: These cookies allow website operators to link the actions of a user during a browser session. A browser session starts when a user opens the browser window and finishes when they close the browser window. Session cookies are created temporarily. Once you close the browser, all session cookies are deleted.

2. What cookies do We use and why?

Generally, the Website uses cookies to distinguish you from other users of the Website. This helps us to provide you with a good experience when you browse the Website and also allows us to improve it. The cookies we may use on the website may be categorized as follows:

    i.   Strictly necessary
   ii.   Performance
  iii.   Functionality

Some cookies may fulfil more than one of these purposes.

'Strictly Necessary' cookies let you move around the Website and use essential features like secure areas. Without these cookies, we cannot provide the requested services.

We use these 'Strictly Necessary' cookies to:

- Identify you as being logged in to the website and to authenticate you
- Make sure you connect to the right service on the website when we make any changes to the way it works
- For security purposes

If you prevent these cookies, we can't guarantee how the website or the security on the Website will perform during your visit.

'Performance' cookies collect information about how you use the Website, e.g. which pages you visit, and if you experience any errors. These cookies do not collect any information that could identify you and are only used to help us improve how the Website works, understand the interests of our users and measure the effectiveness of our services.

We use 'Performance' cookies to:

- Carry out web analytics: Provide statistics on how the website is used.
- Obtain data on the number of users of the website that have viewed a service.
- Help us improve the website by measuring any errors that occur.
- Test different designs for the website.

'Functionality' cookies are used to provide services or to remember settings to improve your visit.

We use 'Functionality' cookies for such purposes as:

- Remember settings you've applied such as layout, text size, preferences and colors.
- Remember if you have engaged with a specific component or list on the website so that it won't repeat.
- Show you when you're logged in to the website.

3. When do We require your consent

All cookies require your consent.

We request your consent before placing them on your device. You can give your consent by clicking on the appropriate button on any cookie banner displayed you or by creating and using a user account. If you do not wish to give consent or wish to withdraw your consent to any cookies at any time, you will need to delete, and block or disable cookies via your browser settings; see below for more information on how to do this. Please note that disabling these cookies will affect the functionality of the website, and may prevent you from being able to access certain features on the Website.

4. How to delete and block our cookies

Most web browsers allow some control of most cookies through the browser settings. However, if you use your browser settings to block all cookies (including strictly necessary cookies), you may not be able to access all or parts of the Website. Unless you have adjusted your browser setting so that it will refuse cookies, our system will issue cookies as soon as you visit the Website.

Changing your Cookie Settings. The browser settings for changing your cookies settings are usually found in the 'Options' or 'Preferences' menu of your internet browser. In order to understand these settings, the following links may be helpful:

- [Cookie settings in Edge](#)
- [Cookie settings in Firefox](#)
- [Cookie settings in Chrome](#)
- [Cookie settings in Safari](#)

Otherwise you should use the 'Help' option in your internet browser for more details.

More information. To find out more about cookies, including how to see what cookies have been set and how to manage and delete them, visit www.aboutcookies.org.

5. Cookie List

Technical Name		Purpose	Session/Persistent	Type
extoid	UCPH	Used for standard UCPH user login provided through the https://openid.ku.dk service.	Persistent 12 hours	Strictly necessary

migoid	ERDA, SIF, MiGrid	Used for Other user login provided through the corresponding site itself.	Persistent 12 hours	Strictly necessary
extoidc	UCPH	Used for standard UCPH user login provided through the https://id.ku.dk service.	Persistent 12 hours	Strictly necessary
2fa	ERDA, SIF, MiGrid	Used for the twofactor login mandatory on SIF and optional on ERDA and MiGrid.	Persistent 24 hours	Strictly necessary
csrf	ERDA, SIF, MiGrid	Security helper used to prevent Cross-Site Request Forgery (CSRF) attacks.	Persistent 30 days	Strictly necessary
